WALKING AND BIKING TO SCHOOL SHOULD BE EASY CHOICES.

But for too many children, they aren’t. Our kids shouldn’t have to choose between safe and healthy ways to get to school. By building safer routes to school, [COMMUNITY] can help get our kids moving—toward healthier lives.

Let’s use the funding we have to create space for our kids to walk and bike safely to school.

Safe today, healthy tomorrow. Look both ways at VoicesforHealthyKids.org/Safe-Routes
